ID	Classification	Cause	Qualitive Impact	Quantitive Impact	Prevention Strategy
1	Project	Time Management	Severe	5+ days	Each week I will make sure to follow the "Time-Box" methodology, avoiding failing any sprints.
2	Health	Stress	Severe	5+ days	Need to ensure to get the apropriate amount of sleep necessary, using breathing exercises and do some regular exercise.
3	Project	Project becomes lost or damaged		5+ days	Having always a backup for the project at GitHub and google drive.
4	Health	Repetitive Strain Injury	Minor	10 days	Ensure regular breaks are taken. For this I implement the pomodoro techinique, each 25 minutes of work, you take a break of 5 minutes.
5	Social	Death in the family	Severe	20+ days	N/A
6	Health	Health Problems	Minor	2 days	Eat healthy, Exercise, Take medication
7	Health	Natural catstrophe	Critical	Entire Project	N/A
